

SpiritoTouch

ACE

Ellagic oak extract

DESCRIPTION

SpiritoTouch ACE is a premium French oak extract, characterized by a high level of toast. This exquisite extract is derived from oak through an innovative production technique that operates at low pressure and low temperature, ensuring the preservation of its unique qualities.

SpiritoTouch ACE is crafted for use in high-quality spirits, enhancing mouthfeel and aromas with a distinctive and complex profile. It imparts notes of chocolate, vanilla, caramel, and spices, all without overshadowing the raw materials and fermentation aromas. This extract elegantly increases the texture, volume, and length on the palate.

Moreover, SpiritoTouch ACE can be seamlessly integrated during the ageing process or added just before bottling, serving as the perfect final touch to refine and elevate the spirit.
