

SpiritoTouch VLM

Arabic gum solution 20.5% concentration and sulfur dioxide 0.3%

DESCRIPTION

SpiritoTouch VLM is a unique blend made from Acacia Verek and Acacia Seyal. Crafted from carefully selected raw materials, it undergoes a simple solubilization and purification process designed to maintain the gum's original dimensions and structure. This ensures that the natural qualities of the acacia are preserved, providing the best possible results.

When applied to spirits, SpiritoTouch VLM increases mouthfeel volume and viscosity, making each sip feel richer and satisfying. It also helps to reduce the alcohol burn, creating a smoother and more enjoyable drinking experience. For optimal results, it is recommended to use SpiritoTouch VLM at an alcohol concentration of 40%.

To enhance texture or mellow out the sharpness of spirits, SpiritoTouch VLM is the perfect addition to elevate the beverage to the next level.

DOSAGE

50 – 200 mL/hL (2-8 mL/gal)

PACKAGING & STORAGE

20 kg

Sealed package: store away from light in a cool, dry, well-ventilated area at a temperature above 10°C (50°F).

Opened package: carefully reseal and store as indicated above.

COMPLIANCE

This product may be subject to regulatory restrictions in certain jurisdictions and may vary by country. The user is responsible for determining and ensuring compliance with all applicable laws and regulations and must verify local applicability.

The indications given here correspond to the current state of our knowledge and experience, however they do not relieve the user from compliance with safety and protection regulations or from improper use of the product.
